### A Bad Fire.

It was a hard fight, boys. You were hampered by an all too short water supply and it was bitterly cold making the water that drenched your pipe-men almost ice. The lack of water was discouraging to say the least while the cold weather imperiled your health, the water ruined your clothes and the places of duty you were called to endangered your lives. Notwithstanding all this you made a valiant fight as you have done many times before and will do many times in the future if called upon. You were out and away in short order; orders were promptly obeyed, the fire was well handled and the general good work done entitles you to the gratitude of your fellow citizens.

The fire occurred at Mr. Chas. Sherrod's home, just east of Maj. John Billups' residence, in Ward No. 5. It began in the attic from a defective flue and when discovered the roof was ablaze. The alarm came in prompt and the department got away in good shape. The residence was a large two story frame structure and the location of the fire enabled the firemen and friends of Mr. Sherrod to save a large amount of his furniture and household effects. Miss Irene Sherrod, who was dangerously ill in the burning building, was tenderly carried by strong arms to the home of her brother, Mr. Tom Sherrod, where everything was done to allay her excitement and overcome the terrible strain and shock that the fire caused.

Both engines made for Otley's fire plug right at the corner of the burning building. Although fed by a little four-inch main, incapable of supplying either of the engines running at its fullest capacity, both the steamers were compelled to rely on the little plug for water. The result was that of the four streams turned on the burning building none of them were full and all lacked the force necessary to combat a fire. Handicapped as the firemen were they went at the flames with determination and soon stopped the fire. The roof of the structure was almost falling in when water reached it but the flames never got much further.

The roof and the upper story were destroyed and the lower story badly damaged by fire and water but here the firemen stopped it. The Hercules were on hand and placed their ladders advantageously and the Rough and Ready rendered good assistance although not using their engine for lack of water.

Mr. Sherrod estimates his loss at \$4,000 and his insurance is \$2,000. The sympathy of the community and many friends is extended to him in his misfortune.

Satisfaction brings business. Over ten dozen of them sold and a new shipment just received. A beautiful oak finished rocker, well braced with side arms, hand carved seat, strong, massive and heavy, at \$1.75; regular price \$2.50. LEOPOLD LOEB.

### Hoyt's Comedy Co.

The dramatic event of the week will be the appearance at the theatre Thursday, Friday and Saturday night of Hoyt's Comedy Co. in repertoire presenting three standard comedy dramas, "Brother for Brother," "For Liberty and Love" and Byron's "Turn of the Tide," at popular prices, 10, 20 and 30 cts. There is a great revolution of the theatrical business going on the country over now and the popular price is the outcome of it. All the large cities have popular priced houses and hundreds of companies are now touring the country presenting this popular class of amusement. The local management is bringing this company here as an experiment. It is a good company, makes a creditable presentation, including a number of clever specialties and is well worth the price of admission. Tickets go on sale to-morrow morning at Mayo & Weaver's.

Some very special designs of odd pieces, suitable for parlor and sitting room, have just been received. They are as pretty as a picture and well adapted for wedding and anniversary presents. Come and see them. LEOPOLD LOEB.

## W. C. REARD & SON, The Corner.

### Mrs. A. C. Peyton Dead.

A great and good woman has fallen. Mrs. Peyton is dead. The press of Mississippi could contain no sadder announcement than this truth for it carries with it a sorrow and grief to thousands of homes in her native state. The devoted sister, the fond and affectionate mother, the earnest and gifted teacher, the gentle and loving Christian is no more. Death claimed her as his own on Friday night at 12. The end was peaceful and calm and surrounded by her brothers and devoted children and loving friends the beautiful life faded away into the shadows of night. For days Mrs. Peyton had grown gradually worse and the patient watchers around her bedside had given up hope. On Friday she rallied somewhat but the improvement was only of short duration and the end came as above stated.

Mrs. Peyton had been a teacher in the Industrial Institute & College for years past and she was the object of adoration and love to the students and faculty of that institution. Not only in the College but throughout this community she was universally loved for she was a woman that endeared herself to all around her by her Christian life and charitable graces. As the founder of the College she was best known to the people of the state. It was her mind that conceived and her heart that cherished the hope of an independent girls' school for Mississippi way back in the eighties and so earnestly did she plead the girls' cause through press and in person that the Legislature founded the present school.

Mrs. Peyton leaves behind two brothers, Dr. Coleman, of Canton and Hon. L. R. Coleman, of Greenwood and six children besides a wide circle of devoted friends to whom her death is an irreparable loss.

The funeral will be held at the Methodist church this morning at 11 o'clock.

The services will be conducted by Rev. W. S. Jacobs, Mrs. Peyton having been a member of the Presbyterian church. The pall bearers are: Messrs. H. M. Waddell, S. B. Street, T. B. Franklin, W. D. Humphries, G. D. Harris, Chas. Buder, Jno. A. Neilson and Jno. A. Stinson.

### THE MODERN MOTHER

Has found that her little ones are improved more by the pleasant Syrup of Figs, when in need of the laxative effects of a gentle remedy, than by any other. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

The regular monthly meeting of the Board of Trade was held on Tuesday night last. Very little work of importance was accomplished. The members of the Board were assessed an addition \$1.50 to pay the current expenses of the organization and the following delegates were appointed to attend the quarantine convention in Memphis: Messrs. J. T. Senter, M. A. Franklin, R. S. Curry, J. T. Harrison, J. H. Brickell and C. A. Johnston.

Good health is worth more than anything else to you, and every bottle of Hood's Sarsaparilla contains good health.

Rev. James McCall and Rev. Mr. Cole, of Eutaw, Ala., have been on a crusade through Northern Pickens, preaching and expounding the doctrine of sanctification. Their success has been varying. In the Neal's Mill neighborhood about ten days ago their doctrine did not meet with much favor and following one of their meetings their tent, in which the meeting was held, was fired and partly destroyed. The origin of the fire no one seemed to know.
